

### WATER BASE RATE

SIZE OF LINE	CURRENT BASE HOOKUP FEE	NEW BASE HOOKUP FEE
0.75 INCH	\$ 23.86	\$ 31.21
1.00 INCH	\$ 42.70	\$ 55.86
1.50 INCH	\$ 95.43	\$ 124.84
2.00 INCH	\$ 170.34	\$ 222.84
3.00 INCH	\$ 381.27	\$ 499.36

MOST COMMON FOR RESIDENTIAL (327 out of 347 customers)

Primarily commercial properties (Roughly 20 customers make up these 4 sizes)

Most customers will see an average of \$7.35 increase on their base water rate. The larger the line size, the higher the percentage of increase.

### GARBAGE DUMP RATE

SIZE OF UNIT	CURRENT COST PER MONTH (NOT BASED ON NUMBER OF DUMPS)	NEW COST PER DUMP PER WEEK
1, 1 1/2, 2 YARD	\$10.00-12.00	\$ 17.53
3 YARD	\$25.00-35.00	\$ 26.30

MOST COMMON FOR RESIDENTIAL

PRIMARILY COMMERCIAL

If a residential or commercial property is dumped 2 or 3 times a week this base rate will be multiplied by 2 or 3 then the weekly rate is what is charged for the full month. For example, the Recycling Center has 3 dumpsters that are 2 yard in size and they are dumped 3 times a week so the Recycling center's **MONTHLY** bill for garbage would be the 2 yard base rate of  $17.53 \times 3 = \$52.59$ . The monthly bill is based off of number of dumps in one week of garbage.
